## Architectural Art Restoration

Before Restoration

Intact Model

After Restoration

A beautiful restoration and hand carved replication of an ornate window from the 1800's.

Second Life for Trees has a sponsor dependant community program that provides damaged historical trees with a second life as a piece of rooted Eco-Sculpture, with intricate carvings representing the natural and cultural heritage of the communities in which they are located.

If you would like to be a sponsor for these projects please visit us at: [www.secondlifefortrees.com](http://www.secondlifefortrees.com)
